SUMMARY

Front-end Developer with a focus on React, holding a degree in Design and a MBA degree in Digital Marketing.

I have a strong background in developing responsive and functional user interfaces, utilizing best practices and frameworks in React.

My skills include creating reusable components, efficient state management, and integration with external APIs.

I am passionate about creating engaging user experiences and stay updated with the latest trends and advancements in the React ecosystem.

I have a keen eye for detail and a continuous commitment to improving my skills to deliver high-quality solutions.
